# **My Lead System Pro**

It's Tuesday, 8:23 am.

I log into the back office of the [My Lead System Pro](#) system and discover another 11 leads came in overnight while I was sleeping and, better, two new people joined my MLSP team... so I fire off a quick "welcome" email with instructions how to best get started.

At 9:16 am my phone starts to ring and before the day is over I will have connected with six hot prospects. Two are ready to go with MLSP but just wanted to touch base. One signed up on the spot with [my primary network marketing company](#), and the others... well, we'll see.

Because I make it a point NOT TO SELL the program. I tell it like it really is and leave the decision entirely up to them. If they join, we'll work together to make incredible things happen. If not, I'll still be moving forward without them.

Let me ask you...

How would your life, businesses and finances be different if your phone literally rang off the hook every day with people seriously interested in paying you money to join MLSP or your primary mlm program?

Seriously. How would your life be different?

- Would you be living in the same house?
- Would you be driving the same car?
- Would your children be going to the same school?

Dare to dream again because... if you are serious enough to stop making excuses and start making progress towards taking your business to the next level... incredible things are right around the corner.

## My Lead System Pro Explained

**MyLeadSystemPro** is nothing more than a highly optimized "funded proposal" online system popularized by Mike Dillard in his book [Magnetic Sponsoring](#).

Here's the concept in a nutshell...

To build a profitable network marketing business boils down to doing three things well:

- Connect with people you know and people you don't know,
- Guide them to a simple presentation about your products and opportunity, and
- Follow up to collect a decision.

That's it. That's where all the BIG MONEY is in network marketing - sponsoring and recruiting.

The challenge is EVERYONE ... me, you, and everyone on your team... will eventually blow through their warm market. We will all eventually present our opportunity to everyone we know - family, friends and co-workers. So now what? Now what do we do? Listen...

We have to learn how to connect with people we don't know!

So we can buy leads and pick up the phone, approach strangers on the street, spend a fortune on ads that may or may not work, do home meetings and conduct meetup groups... we can spam Facebook or Twitter... or even buy into a generic business opportunity lead system and attempt to promote that via drop cards, handing out magazines or run even more ads.

Now don't get me wrong... ALL OF THOSE THINGS WORK... but not for everyone. Because we either don't have time, the skill or the money to pull it off. Plus, LEADING WITH YOUR OPPORTUNITY puts in direct competition with literally MILLIONS of other people who are also convinced their products, company and comp plan is the way to go. So it works, but it's a tough market.

## MyLeadSystemPro.com Attraction Marketing

What makes the [My Lead System Pro](#) program different is it is designed to attract other FRUSTRATED NETWORK MARKETERS who have also run out of warm market contacts - and are now seriously looking for the answer to the "Now what do I do?" question.

Personal Branding"] [caption]

So you now LEAD WITH a proven tool designed exclusively for network marketers by network marketers - and attract those who have already proven they are serious about building a real business. And here's the real magic...

You GET PAID even if this new prospect never joins your primary network marketing business!

Think about that. Instead of spending your hard-earned money chasing down tire-kicker, broke, unemployed LEADS... you know get paid to attract the PERFECT PROSPECT for your business. And many of them will join your team later because the My Lead System Pro system is designed to brand you as the leader people are looking for. Make sense?

## My Lead System Pro Review - 1st 90 Days

In my first 90 days with myleadssystempro I spent about an hour and a half a day, 3-4 days a week, doing article marketing. I have a complete, step-by-step article marketing bootcamp (5 hours of video instruction) that I give everyone on my team so you can duplicate exactly what I did and still do.

The results started off pretty slow. At the end of our first month we had generated about 100 leads and had earned a few hundred dollars. I didn't sign up anyone in my primary business.

But by the end of our first 90 days... we had generated over 800 leads, earned over \$4,000 in miscellaneous affiliate commission, increased our monthly MLSP check to over \$1,400 a month AND had sponsored FOUR new distributors into our primary business.

Now it's been a little over five months and we've done well over 2,200 leads... have earned THOUSANDS... earn THOUSANDS monthly... and consistently sponsor new people into our business.

What's the bottom line?

[My Lead System Pro](#) is a great program to help you generate leads on demand, earn multiple streams of income and sponsor more people into your primary business. But it's not a turnkey solution. YOU must get in, get busy and learn how to master INTERNET MARKETING so you can effectively promote the MLSP program. Because without traffic your new web site and marketing funnel... nothing happens. Without traffic you'll get no leads. Without leads you'll earn no money and sign no one up. Leads are the name of the game here... and traffic is necessary to start the lead flow.
