# Planning for Passive Profits

Do you have a plan for creating passive profits on demand?

You do now.

A simple 7-step blueprint that has never failed to produce a nice six-figure income for me and my family since 1998.

I actually learned this "targeting technique" in the offline direct marketing world (remember mail order?) and simply applied the same principles to internet marketing to produce massive passive profits on demand.

## **Planning for Passive Internet Profits**

It's been said,

*"Give a man a fish you feed him for a day. Teach a man to fish and you feed a village forever."*

Understand the PRINCIPLE of what "internet marketing" it means... and what you are trying to accomplish when you set about to do "internet marketing"... and you'll be able to write your own 1st class ticket to paradise – board the plane, and arrive on time every time.

Because while the HOW TO changes as the internet evolves, the PRINCIPLE does not.

Bless and be blessed,
